Walking the path of Christ with love and service through a Catholic Education.

## Class Notes...

What a week it was! We went to pray the Rosary for the first time. Everyone did an excellent job! We had fun making short vowel words by "chunking." We started learning subtraction and we finished a tree project about the 4 seasons.

All of our MAP testing is finished, so you will be getting or already have received the results. We can go over the scores at conferences. I was very happy with how seriously the students took their tests.

Next week is short one, so there will be no spelling test.

What brings **WELLNESS** to your mind, body and soul? A hike on a beautiful trail, yoga and meditation, a good movie with a bowl of buttery popcorn, writing in your journal, family time? Whatever it may be, you will have an opportunity to have a **DAY OF WELLNESS** on Monday, October 23.

We are asking all students and staff to 'snap a selfie' of something you did during your wellness day, print it off, and bring it to school by Wednesday, October 25. Don't have a printer? You can email your photo to me and I will print it off. These photos will then be displayed on a "Wellness board" in our hallway for all to see.

Please check the school newsletter for more information!
